Seen, Heard and Told

By The Editor

We dedicate this issue to MUC Ford, who repudiated his own yardstick.

The seriousness of this war will come home to the people when Uncle Sam enters your house and my house and takes away the young man of the home for military duty—and not until then.

It should be remembered that those who do not support Roosevelt, the Democratic nominee, will be barred from participation in Democratic primaries for two years.

Somebody please write Misrepresentative Arkansas Long-staple Ford and tell him that we have had a flood on the Yalobusha river system, as well as on Big Black and Tombigbee. Better still, write Whittington or Doxey.

After printing the editorial, "Damn Poor Politics", we noted that it had not been credited to The Lexington Advertiser. It should have been, as it appeared therein about two weeks ago. Apologies, Brother Povall.

Roy Gerard, Paul's boy, is visiting his grandma, Mrs. E. L. Gerard in Grenada.

The reader may note that we are entering our fourth year with this issue. We are very grateful for the cooperation of our subscribers and advertisers for the slow, but steady growth that we have experienced since August 5, 1937, when the GCW embarked in the uncharted sea of journalism. Realizing that if we had a small horn it would not require so much wind to blow, we started "small" and, the greater than at the start, still set humble and blow with a small horn. We are happy to say that we have already lived two years and nine months longer than some of our well-wishers had predicted, and are growing stronger every month. We have had a steady increase in paid subscribers. Our job-printing, due, we think, to good quality, has been beyond reasonable expectation. We know our limitations, and do not take jobs that we can not do well. Yet, we can handle 90 per cent of the jobs that Grenada people need, not that we covet that large a per cent.

It might be added that the subscriptions of several hundred of our charter members expired last week.

Take Fred Simmon's name from the Hit Parade.

deer mr witty cur,
pleeze tel me, hez guvner pawlbull-Jonsin ben vizittin wid greta gaarbo, las sumer he wuz sayin "kum 2 c me. Ile giv awl of u jobs-dam gud jobs". now awl u kan here him say iz "i warna p alone". "Ooo, how i wana p alone". wut do he mean, mr wit. rite rite awai.

It must be getting mighty hot on Mitchell over in the grass at Parchman.

Uncle Claud Hall, a charter member, was one of the first to sign-up for another year.

Attendance will fall off sharply at the male colleges this year, as most of the boys will be in the army. We understand that the poor are to be taken along with the rich, and the rich with the poor, as they should be.

Coolest spot in town, outside the ice house, is the court house stoop. Problems of local, state, national and international moment are discussed and settled there.

Just had a letter from Wall Doxey telling about Parity and other substantial benefits received from the federal government. Wonder why Arkansas Long-staple does not do something about that.

The same fellow who was crying for dry weather week before last is now crying for rain.

Judge Allen and his court were so interesting to our overseer, Mr. Geo. Terrell, last week that we barely were able to see him, much less get any work out of him.

Sanford Horton gave me a cob pipe last Saturday, believe it or not.

Just think how dull business really would be today in Grenada if Grenada depended only on the cotton crop of this small county! Grenada would not be much larger than Duck Hill, in that event.

Grenada is almost solid for Rayburn and Roosevelt, and Reform.

Fishing and lying will start soon, as the water in the lakes is going down rapidly.

Mississippi Shortstaple Rayburn vs. Arkansas Longstaple Ford.

Wm. K. Gray Died Suddenly At Holcomb Wednesday

William K. Gray, one of Holcomb's most substantial citizens, died suddenly Wednesday morning, July 31, 1940. His death occurred behind the store of Mr. Volney Nason and was the result, apparently, of a sudden heart attack.

He was a native of Carroll County where he was born February 15, 1877. He had lived in Holcomb about thirty years and it was there that he and his devoted wife, the former Miss Bertha Fisackerly, reared a fine family of children, four daughters and three sons. He once served Beat five as Magistrate, but at the time of his death was engaged in opening up some of the cut-over land that he had bought in the delta section of Beat Five. Will Gray was a good citizen and was highly regarded by his friends both there at home and in Grenada and Carroll counties.

Burial is to be had this (Thursday) morning at 10 o'clock in the Holcomb cemetery, and Rev. A. W. Bailey will conduct the rites.

He is survived by his widow, Mrs. Bertha Fisackerly Gray; four daughters, Mesdames C. A. McCharen, of Oxford, J. D. Shell, of Greenville, and W. E. Frost, of Wafer Valley and Miss Nell Gray of Grenada; three sons Paul and Quentin of Holcomb and W. M. Gray of Grenada. Six grandchildren also survive.

To the sorrowful ones, this newspaper extends its sympathy.

Ernest Kincaid Died Sunday In Hospital

Mr. Ernest A. Kincaid, seventy odd years of age, died in Grenada Hospital in Grenada Sunday, July 27, 1940 after a brief illness.

Mr. Kincaid was a native of this section having come from the pioneer family of eastern Grenada County, and having lived here all his life. He was an industrious farmer, and was ever ready to lend aid to less fortunate friends and neighbors. He lived a long and useful life and leaves behind him for his descendents a good name.

Rev. T. B. Thrower of the Methodist Church conducted the funeral ceremonies Monday afternoon in the hillside cemetery east of Futheyville, and the rites were attended by a large number of friends and relatives.

Surviving him are his widow, two sons, Tom and Allen, and a daughter, Mrs. Bob Cohea, and to them this newspaper extends its condolence.

Jones Volunteer Store Changes Hands

Mr. J. G. Jones who opened up and operated the Jones' Volunteer Store on the corner of First and Doak Streets has retired from that business, and has been succeeded by Mr. Ames Mayfield, formerly operating the Volunteer Store at Pontotoc.

Mr. Jones who has made many friends since he came to Grenada has accepted a position with Doak Hardware Company, succeeding Mr. Sam Mitchell who has gone to Clarksdale.

Mr. Mayfield, an experienced groceryman, comes from Pontotoc where he enjoyed a splendid reputation: and he is welcomed to Grenada, the Cross Roads of North Mississippi.

The above changes were effective Monday of this week.

FOUNDATIONS ALMOST COMPLETE

The foundation of the new Baptist Church building on McLean Point is about completed. Large quantities of brick and other material are on the ground. This building, to cost about $80,000, will be one of the most handsome churches in North Mississippi.

GOOD START OF SCHOOL ADDITION

Moss Brothers, successful bidders on the addition to the primary building, are making progress with their work, and are now working on the roof. This addition, costing several thousand dollars, will add needed space to the primary department of Grenada's fast growing school system.

Mr. and Mrs. J. G. Jones and little son have returned home from a delightful vacation of two weeks. They visited Mrs. Jones' parents, Mr. and Mrs. C. C. Pearson at Laurel and Mr. Jones' mother, Mrs. J. J. Jones at Ellisville. Extending their trip to Mississippi Coast and to Florda where they visited many cities of interest.

Mr. E. H. Parks has returned to his work in Louisville after a vacation visit with his mother, Mrs. Dorothy Parks.

Volunteer System Observes 6th Anniversary Saturday

The Volunteer Stores of North Mississippi are to celebrate their sixth Anniversary on August 3rd., and are putting on an appreciation sale in all of their stores on August 1, 2 and 3, that is Thursday, Friday and Saturday of this week. Very extraordinary bargains in seasonable foods are being offered in every store in this large system, and these bargains have been extensively advertised.

This system of stores has gained in number of stores as well as in popularity with the buyers of foods, meats, fruits and allied articles.

The center of activity of the North Mississippi system of Volunteer Stores is at Grenada Grocery Company in Grenada.

May we add our congratulations to the Volunteer System upon its 6th birthday in North Mississippi.

COLLINS MAKING IMPROVEMENTS

Bob Collins, progressive owner of Collins Cafe on Commerce Street, is adding materially to the value and accessibility of his property by building a standard concrete walk alongside his property.

WATER DEPARTMENT GETTING TIGHT

Attention is invited to a notice from the city water department in which it is announced that, to receive discount, bills must be paid on or before the 5th of the month, and that, if unpaid after the 10th, service will be discontinued. This ordinance, long on the books, has grown into disuse here, but is being revived.

That's a good thought, send Ford to the army.

Popeye is married.

Me and Mike are not out of business by any means. We are just waiting.

If Mike had put a piece in the paper, not one piece, but pieces scores of time, begging folks not to come to see him and bother him, what would folks have said of Mike? Paul is doing it, and has done it.

The YMGA members are now assembling up about Oakland. It seems that shooting dice is illegal in Grenada.

Forgot to mention last week that the Trust Bank also had a new sign painted over its portals. Again Grenada Grows.

If the roads to Greenwood were not so atrocious, their saloons would get a lot more business from Grenada.

Everyone but Arkansas Long-staple, is enjoying the GCW these days.

Nickle-A-Bale War Chest For Cotton On Way

Cotton firms and cotton farmers of Grenada and surrounding area were called on today by President Oscar Johnston of the National Cotton Council for "100 per cent allegiance in cotton's total war for increased consumption."

In a message addressed to local producers throughout the country president Johnston declared that "the raw cotton industry is arming as never before in its history to smash down the blitzkrieg of substitutes, surplus, and foreign competetition."

The message came simultaneously with the National Cotton Council's announcement of a "universal service" plan to provide funds with which to carry on the fight during the coming year. The new plan, to go into effect August 1, calls for a defense fund of five cents on every bale of lint and three cents on every ton of seed, mobilized with the help of each of the five primary raw cotton interests.

Under the new plan, arrangements have been perfected enabling the producer to make his nickel-a-bale contrition at the first point of sale, either to the cotton merchant, large or small, or the ginneer or warehouseman acting as merchant. This contribution is carried on from merchant to compressor, who remits the accumulated funds to the Council when the bale is first compressed, or from merchant to textile mill which remits on uncompressed cotton.

Similarly, contributions on seed, which are made by the ginner and and crusher, are assembled and remitted to the war chest by the oil mills.

"For fifty years we cotton farmers have been talking about an organization like the National Cotton Council to defend our markets and find new ones through judicious advertising, intelligent research, and organized opposition to restrictive legislation," said Mr. Johnston. "At last we have it, and in two years, equiped with modern weapons, it has accomplished more than any of us thought was possible in so short a period.

"Domestic consumption has been brought back virtually to the all-time high, with every indication that a new record can be et in 1941. Plans are ready for a vigorous attack on the acute problem of foreign trade. Council scientists are on the trail of new uses. A united cotton industry has gone to war."

Kyle Cooper Opening Used Auto Parts Business

Kyle Cooper of Sardis is opening up a used car parts business on a parcel of land he recently bought on 51 Highway near the Little Ritz. He will buy old cars and wrecked cars, salvage the usuable parts and junk the other parts. The building that he will use as warehouse is about finished.

Mr. Cooper, the son of a former beloved teacher in Grenada schools, lived here over thirty years ago and is well remembered by the semi-older folks.

FORMER GRENADIAN EXPANDS BUSINESS

Announcement has been made of the opening of the New York office of Whitfield King and Company, Inc., and that Mr. Ralph B. Risse will be in charge.

Whitfield King is a native of Grenada County, was educated here, and served this county both as circuit clerk and chancery clerk before going to Memphis twenty years ago to enter the insurance field, in which business he has scored a notable success.

Grenada is proud of "Old Whit" King.

Who is Mayor of Mosquito Lake now since Aaron Hudson has moved down on Tippo Bayou? Must be Don Moore.

Rayburn for Rescue. Ford for Failure.

Dink Thomason, who has become the Hermit of Pearidge, finally showed up in town, and gave the old lady some fine tomatoes.

In the war, or any war, the rich have more to protect than the poor fellow who has neither a pot nor a window.

YALOBUSHA RIVER EXCLUDED

(editorialette)

We note from a dispatch from Washington where Nelson Aldrich and other big-wig farm savers, and Mississippi's congressional delegation, including Mr. Ford, had a conference with Secretary Wallace looking to relief of farmers in the Homochitto, the Pearl, and the Tombigbee and the Big Black valleys.

Of the seven counties in Mr. Ford's district, only four were mentioned: Winston, Choctaw, Chickasaw and Webster.

Yalobusha valley has suffered perhaps more than any valley in Mississippi, yet it was not mentioned, nor were Grenada, Calhoun, Montgomery and Carroll counties.

Draw your own conclusions.

Otto Hartung Died Last Week In Little Rock

Mr. Otto Hartung, husband of a former Mt. Nebo lady, Mrs. Rad Burke Hartung, died suddenly after a collapse in the Donoghay Building in Little Rock, Arkansas, last Wednesday, July 24, 1940. He was a native of Indianapolis, Indiana. He was forty years of age, and a man of many pleasing qualities.

At the outbreak of World War No. he and his twin brother, George Hartung, joined the U. S. Navy, and served throughout the war. He was a member of the Baptist Church, a Shriner and a member of the American Legion. At the close of hostilities he went into the used car business and into the real estate business, in which he continued until death.

A lover of flowers and children, and a man who was most kind and thoughtful of the aged, he will be sorely missed not only in Little Rock, but at Mt. Nebo, where he often visited his wife's parents, Mr. and Mrs. G. S. Burke.

Surviving him are his widow, Mrs. Ruth Burke Hartung, his father, Fritz Hartung, of Indianapolis, and his twin brother, George, of Little Rock, and to the bereaved ones, we extend our condolence.

Ford and Fraud, Rayburn and Reliability.

Let's send Ford to the army. He has no children, and is not needed in industry, and not needed anywhere else. Let's send him to the army. He would make a good orderly, for he can remember all the names.

Me and Ford. I am talking of Edsel and Henry Ford, who send us plenty of ads. The other Ford gave me hell, which I am trying to return in installments.

To the Webster Countian: Pat Harrison had no more to do with that postoffice business than you did. He not not like me because I voted for Busby way back 6 or 8 years ago. If Long staple ever writes a Bible, he will add "Voting for Jeff Busby" as another of the unpardonable sins.

Flood Relief Forthcoming for Grenada County Farmers

This was done promptly and our County has been approved to make corn, farm families eligible to receive food through the Surplus Commodity Corporation and the County Welfare developments.

Appeals are being made for further assistance and you will be notified of any further developments.

The commodity distribution program will be in charge of Mrs. T. W. Goodwin, County Welfare Worker. All landlords or tenants that really need commodities are requested to come to her office to make applications on the following days.

Circuit Court Adjourned Wednesday Afternoon

The midsummer session of circuit court came to an end Wednesday afternoon with the conclusion of the civil suit brought by ex-supervisor Zinn of Calhoun County against the I. C. Railroad, this suit resulting in a verdict for $25,000 against the defendant. The suit was brought for approximately $35,000 and was the outcome of an accident that happened to the plaintiff at the hands of the railroad company, allegedly. Hon. George Mitchell was the principal attorney for the plaintiff, while Hon. Cowles Horton was the principal representative of the railroad company.

JOHNSON WRITES SAUNDERS

The following letter was received by William H. Saunders, president of the Grenada County Stockman's Productive Association, from Governor Paul B. Johnson.

"I have this day instructed the Commissioner of Public Safety, T. P. Brady, of Jackson, Mississippi, to order his highway patrolmen to inspect each and every truck carrying cattle on the highways of the State of Mississippi and the man reports accordingly. This I hope will help the situation.

"I am in full accord with what you people are trying to do. I live on a farm and have lost as high as nine cattle in one week. You can very readily see that I am not only interested as a public official but as a private citizen as well".

LANDMARK BEING TORN DOWN

Moss Brothers who bought back the old building after selling their lot to Horton and Horton are tearing down the old brick building on Green Street. Horton and Horton propose to build a handsome new brick structure, which will possess what is said to be the most modern front in the city, on this site as soon as the old building is removed.

NEW ADDITION COMPLETE

The ten room addition to the Grenada Hospital for whose erection City Lumber Company had the contract has been completed and is being used.

A WISE ECONOMY

"Consolidation of library administration into a county or "regional" unit means not only a saving financially along lines of administrative cost but also an increase in numbers of books available to the individual. One larger library not only does not cost twice as much as two libraries of half size, but it offers in range of books and specialized library service a great advantage to the borrower." Gertrude M. Henderson.

DID YOU KNOW—

That our Grenada County library reaches more homes than our public services.

That there are over 4 times as many people regularly using the Grenada library as there are telephone subscribers.

That there are more library borrowers by far than there are childen enrolled in our schools.

That almost 3 times as many people hold library cards as there are people paying water bills in our town, and the total number of domestic consumers of electricity in Grenada is not quite half the number who regularly use the library.

When we consider all thes facts, and the fact that we spend 3 cents per capita for library for library service in our state, I think we can all agree that we here in Grenada are certainly getting our 3 cents worth.

MISSING

"The beautiful girl got in the ..... Got in what, did you ask? I don't know because right there the page was torn, so right there I had to leave her.

Did you ever get very much interested in a book and find a page missing at a crucial point of the story? This would be a common occurance in the library if it wasn't for Miss Griffeth and her helpers. Whenever a page gets loose or partly torn, she comes to the rescue and fixes it as good as new.

Our library is fortunate in having someone who knows how to repair books, as Miss Griffeth and Miss Jones do. Most people take care of the books they borrow, but because of the constant use they need lots of patching and mending.

WANTED: another yardstick MUC Ford, House Office Building, Washington.

How come Peggy Costilow's mustache is black and his hair is white. Does he dye it?

Grass is getting a head start with so much time spent at court.

Dr. Avent should slow down. He works at too fast a clip. That's what he would tell me if I worked as much and kept up such a pace, and I am telling him the same thing. Don't you are going too fast. You will wear yourself down before you are fifty years of age.

"Nothing But Negroes Allowed On This Plantation". How does that sound to white folks working sorty land.

Gone with the Wind, $30 pensions, retirement fund for teachers, economy in government, etc.

Some of the farmers around here mow their cotton patches for hay. A few cotton stalks will not hurt much.

Twenty persons took one or both of the examinations for postmaster here. It is safe to say that 17 or 18 of them will crawl on their bellies through mud (Office Congressmen Wallops). That's on a dark night to Submarine Ford.

Ollie Clark, the Clark Judge of Mississippi Roosevelt and Reform Nebo, honored this office with a call Saturday.

We have court with us again this week, our country friends have to stay over. Pacific coast since the floods have been closed.

Dear Brer Rice, Attorney General is right for a Congress-man to employ his own sister as secretary if she has the work in the office.

Will be glad when Rayburn puts Ford out of business, as we are tired of printing and mailing so many papers. Doctor bill for extra work.

The regular golfers had a good time Sunday. The ones you know, who use balls and clubs. The other golfers who use cubes have been sort of inactive here lately.

Ford must have grinned a grin of satisfaction when he heard that Abernethy had an attack. He has quit it now for Rayburn is giving him a blitzkrieg worse than Hitler gave poor little Holland.

The snuff dippers evidently layed down on Jerry Sadler who ran last in a crowded race for Governor of Texas, he which Pappy O'Daniel won in the first primary. This election indicates that Texas is still looking for Santa Claus.

We regret all who are not going to be able to go and help Rayburn, but will resign ourselves to his record in Congress and propose to retire him to his Alabama plantation.

Hurrah for Ford. He paid his dues (Subscribing to $2.00) so that he would not miss a single copy of the GCW (Office Congressmen Wallops). That's on a dark night to Submarine Ford.

Fear, Fright and Frustration.

Unfair and Dishonest

Ford called for an examination to find out, by open competitive examination, conducted strictly according to his own rules, and conducted by his own men, and graded by his own graders. The entire world was invited. The examination was held, and the papers sent to his own men. After that he sent men here to Grenada to make investigation of the character, of the business ability, and of the suitability of every applicant. The findings of the latter named detectives, or G-Men, or whatever you wish to call them, were evaluated by another set of his own men. These evaluations were combined with the figures given by his own graders, and the totals were secured. In other words, Ford furnished the rules for the game, and furnished the umpires.

When his own graders and his own detectives and his own umpires combined their figures, they announced that W. W. Whitaker was the best man, and the Frank S. York was the second best. Did little Arkansas Longstaple Ford abide by the findings of his own umpires who umpired the game that was played according to his own rules? Hell no. He called for another set of rules. He repudiated HIS OWN findings.

If York and Whitaker had promulgated the rules, and had named the umpires, it would have been expected that, had they won, Ford could have yelled "Foul", and could have called for other rules and other umpires. They were playing under Ford's OWN rules, and were judged by Ford's OWN umpires.

One of those two men should have been appointed last July. Neither of them was appointed. Irrespective of anything else, the people of Grenada appreciate fairness and honesty, and resent unfairness and dishonesty, and will register their disapproval on August 27th, when they go to the polls and give vent to their resentment by voting against Arkansas Longstaple Ford, the MUC (with apologies to Bilbo and Fred Sullens).

The Draft

It is sincerely to be hoped that the selective service law which is likely to call to military service about half a million of our young men on September 1st, will be handled so that rich men and poor men will be treated the same.

Universal military service seems to meet popular approval, but it will soon lose popularity with the citizens if sons of the rich and influential escape service and if the sons of the poor and uninfluential have to bear the brunt of the sacrifice.

This nation can demonstrate its inherent democracy no better than by feeding all the boys from the same spoon.

We Ask You the Third Time, Mr. Ford

When, or if, little Arkansas Longstaple Ford tries to say that Pat Harrison interfered in the appointment of the high man, Whyte Whitaker, as postmaster of Grenada, ASK HIM: "Then why, Mr. Ford, did you not let Pat take the rap? Why did you not send up the name of Whitaker and let Pat pop his neck?"

Then, ASK HIM: "You know, Ford, Pat Harrison would not oppose the brother-in-law of his best friend, John Pressgrove. Why did you not send up the name of second man Frank York?"

If little Arkansas Longstaple Ford keeps on mumbling about Pat Harrison, ASK HIM, "Then, Mr. Ford, how did you get by Pat Harrison with the appointment you recently made? You know that Whitaker fought Pat no harder than did the uncle of the appointee?"

When little no-staple Ford drags up Pat Harrison, ask him those questions. Inasmuch as little Ford gets this newspaper, and reads it with a microscope, WE ASK him those questions, and solicit answers, which, when received, will be published.

Senatorial Line Ups

The campaign between Mr. White and Mr. Bilbo is beginning to pop, and supporters of both men are already making extravagant claims. It is too early to make anything like a prediction, but we are re-printing part of an editorial by John Breazeale of the Brandon News, because he knows perhaps as much as anyone in the state about the ins and outs of Mississippi politics:

"Governor Paul B. Johnson announces that he will vote for Senator Bilbo for re-election and do all that he can to aid the Senator's campaign . . .

"Lieutenant-Governor Murphree has made no announcements, and may not make any, but most of his group—or all of them—are actively supporting Bilbo.

"The political logic of that is too obvious to require any explanation. The lieutenant governor will surely be a candidate for governor in 1943. If ex-Governor White is defeated for the Senate, which would amount to public condemnation of his repudiation of his pledge not to run for any office this year, that would, of course, weaken him as a gubernatorial candidate in 1943.

"ExGovernor Conner . . . will probably profess to be taking no active part personally in the campaign . . . Most of his group will be helping Mr. White.

"Senator Harrison . . . will probably announce he will vote for White. . . . but is unlikely to be active in the campaign.

". . . . We wouldn't make any bets this far ahead but we can't see how it could be a walk-away for either. If the winner's majority passes 15 percent, it will be surprising.

The stayaway vote may be unusually large. Literally thousands of citizens are "between the devil and the deep blue sea", unable to develop any enthusiasm for either White or Bilbo, many of them unable conscientiously to vote for either—" —Delta Democrat-Times

Feeding Him with His Own Spoon

Arkansas Longstaple Ford, running against Jeff Busby six or eight years ago, accused poor old Jeff of investing his money in Washington real estate, and made like that was sufficient reason to retire Busby and elect himself. What has Ford done with his money? He has invested it in a 1,000-acre fertile plantation in Mississippi County, Arkansas, and no money invested in the 4th Congressional District. Ford pays about $1500 in taxes to that Arkansas County. Ford has a nice government-built levee alongside his plantation.

Arkansas Longstaple Ford, running against Jeff Busby six or eight years ago, accused Jeff of employing Mrs. Busby; and criticised Jeff because Jeff did not employ young people of the 4th Congressional District, saying "In addition it (the money spent for secretary help) could have helped about twenty young people to get college educations." How many young people of the 4th Congressional District has Arkansas Longstaple helped to get college educations? Did he help J. P. Coleman get an education? Did he help James Latham get an education? Did he help E. W. Pinson, now sheriff of Choctaw County, get an education? Did he help S. Y. Bright, his own sister of Hickory Flat(not in the 4th Congressional District) get an education?

Ford asked "Don't you think that Mr. Busby owed it to the people who had befriended him so long to employ his secretaries from among them?" Turn that around and ask Longstaple Ford.

Ford said, "How, then, can Mr. Busby feel satisfied over his record as to the employment of secretaries? How can the people approve it? They do not approve it: they condemn it." Turn that same sword on Arkansas Longstaple.

Arkansas Longstaple Ford, in a four-page circular, screamed at Jeff Busby, "What Has He Done?" He recited a long list of Busby-sponsored bills that "Died in Committees." Such bills as Ford fathered did not even get as far as a committee. Turning the sword back on Arkansas Longstaple , "What Have YOU Done?".

Arkansas Longstaple Ford got out a big circular criticizing Jeff Busby because Busby did not get Federal Aid for schools. What aid for schools has Ford ever got? What aid for anything else has Ford ever got?

Cannot Stand the Pressure

Hounded by seekers of pardons and suspensions since his return from Michigan, Governor Johnson said yesterday that he may establish every other Thursday as a day for hearing applications.

He said he definitely has decided to hear applications next week on Thursday only.

In making the announcement, the chief executive said he was obliged to pass on 135 applications on Friday alone.

The governor also made an appeal to job seekers to "give me a vacation for awhile."

"Hearing applications for pardons and apcations for jobs is taking up so much of my time that I am not able to look after the state's business. There are just a few jobs vacant, anyway and they are of little consequence.

"I am appealing to all job hunters to please give me a little rest. The state's business has greatly increased because of national defense and other federal matters, and I must have more time to take care of it.

"I have given ten months to patient hearings of job seekers and I think I deserve a rest."

—The Clarion-Ledger

That statement comes from a gentleman who made so much fun of "Closed Door" Conner. It comes from a man who issued cordial invitations to every Mississippian to "come down to see me when I am governor."

It is very shocking.

Ford's Secretaries

Clerks designated in the office of A. L. Ford, 4th District of Mississippi, from January 2rd, 1935, to April 1st, 1940. (Clerk hire stated on annual basis, payable monthly.):

CLERK NO. ONE

J. P. Coleman appointed January 3, 1935 to April 1, 1935, $2375; appointed April 1, 1935 to January 3, 1939 $2500.

E. W. Pinson appointed January 4, 1939 to April 30, 1939, $2500.00.

S. Y. Bright (sister), appointed May 1, 1939 to December 31, 1939, $2500; appointed January 1, 1940 to continue $3250.

CLERK NO. TWO

James M. Latham appointed January 3rd, 1935 to April 1, 1935, $2375; appointed April 1, 1935 to August 31, 1937, $2500.

E. W. Pinson, appointed September 1, 1937, to October 31, 1938, $2500.

James M. Latham, appointed November 1, 1938 to December 31, 1939, $2500; appointed January 1, 1940 to continue, $3250.

* * * *

The clerk hire allowance was increased on April 1, 1935 from $4750 to $5000. On January 1, 1940 it was increased from $5000 to $6500. That accounts for the change in some appointments of the same persons, a new appointment being necessary with each change of salary.

Pinson is Sheriff of Choctaw County; S. Y. Bright is the wife of J. B. Bright, rural mail carrier of Hickory Flat, and a sister of A. L. Ford. Neither have ever hit a lick in Ford's office in Washington, it is said.

Are They Lined Up?

Are A. L. Ford, candidate for congress, and Hugh White, candidate for the U. S. Senate, lined up politically? Are they running on the up and up, two by two?

Frankly, we do not know. The wind seems to be blowing that way. The Jackson Daily News, always the official mouthpiece of My Man Hugh, consistently boosts both White and Ford, and ridicules Bilbo and Rayburn. This indicates that there is substance to the thought that White and Ford are lined up.

Me and Rayburn.

Me and Ford. In this instance we mean Henry Ford who gives us lots of ads, and not Longstaple, who gave us a dirty deal.

"First Column" Danger

Speaking before the Exchange Club of Jackson recently on "Fifth column" activities, ex-Governor Conner pointed out most specifically that our greatest danger in this country lies in the "first column", and we quote therefrom:

"Our fear is the 'first column'— the greedy, self-serving politicians, who are sapping the vitality out of the democracies.

"First column activities caused the downfall of the French", he said. "As leaders for the past months have gone about telling of luxury, ease and short work days, one premier urged more work for the impending war, but his advice was shunned.

"A democracy cannot exist without leadership. We select our leaders and the first columnist goes out over the state telling the people what they want to hear. The people are told what the government ows them, and not what they owe the government.

"The political termites tell the people not to work, but just so many hours a day and that pensions will increase. They are planting a destructive object in the way of the American ideals."

Governor Conner, after serving Mississippi most sincerely as governor during our most trying times, was defeated for a second term, as we see it, for the reason that his platform contained so few of the free clauses. His opponent, the victor, lavishly promised from the platform, yet failed to deliver when the payoff came.

Why? Simply because, upon investigation, the stratling fact was revealed that those free things required being paid for, and the dear people of our state had to pay in before he could give it out, and a sound, mature legislature refused to overburden our citizens.

We are confronted with a situation in the coming primary somewhat similar to that of last August. You need no one to tell you which of the two men running will render the most sincere service to our state and nation. Just re-read ex-Governor Conner's mention of "first column" danger and if you are in accord therewith, which you should be as good citizens desirous of a good, clean, strong government in Washington, cast your vote for the immediate past Governor of Mississippi—Hugh White—who while serving as governor and citizen, has a record to be proud of, absolutely void of any "fifth" or "first column" danger.

—The Lexington Advertiser

See where Bilbo is scheduled to make a good many speeches My Man Hugh had better do likewise.

On the Barrelhead

A third of the total crop acreage in the cotton belt is planted to cotton. Approximately one-half of the total cash income from crops in the cotton belt comes from cotton. Second only to corn in its money worth to the nation, cotton does not stay on the farms; it moves to market, generating a tremendous commerce when it moves. Cotton's cash is money on the barrelhead to every business house in the belt.

Be you butcher, baker, or candlestick maker, the cash proceeds from each year's cotton crop make your own "crop" of consumer dollars, the most important of the crops your business harvests.

But it is a crop that needs the constant careful cultivation of your own individual cotton purchases which must chop into and thin out the choking surplus. It is your cotton purchases which must pile up cotton cash on the barrelhead.

—National Cotton Council of America

Damn Poor Politics

Lexington and Holmes County friends of Col. Joe Latham were greatly disappointed and in many instances resentful, when it was learned on last Friday morning that Gov. Paul Johnson had appointed Col. Sydney McLaurin, of Brandon, as State Bank Comptroller.

Not only was this appointment a severe shock to Joe's friends, but to him, for he labored for the past several weeks under the impression that he had the right-of-way and would receive the appointment in due course of time. Not only was it "common" conversation in Lexington, but also in Jackson and over the state that Joe Latham would receive the appointment and the governor's friends here are unable to analyze the motive that prompted appointment of Mr. McLaurin. The Brandon banker was named without consultation or explanation insofar as Holmes County interests were concerned.

Joe Latham, one of the best workers the Governor had in Mississippi, is also one of the best bankers to be found in the state and such action by the Governor in not naming him to the place after all preliminary steps had been taken relative to Joe's qualifications for the position, is a poor exhibition of loyalty, in our opinion, and pardon the expression—"damn poor politics".

Me and Mike are still in cahoots, but are resting now until about 1942 or 1943. We will be back.

Imposter, charlatan, hypocrite are the terms that appeal to me when I think of little arkansas long staple ford.

Will Hoffa, Jim Crawling, Jack Hancock and Fred Sullens seem to be getting along mighty well without us. You see we had other fish to fry and let them run Hugh's campaign.

Speaking of Hugh, he seems to forget that Mike Conner was the man who made it possible for him to have such a good administration. My man Mike took all the cussing, while my man Hugh gets all the glory.

Do not give up England. As long as England has control of the sea, Hitler cannot win.

Jeff Busby was never charged with hiring his own sister and paying her $3250 per year and never seeing her in Washington. Bad as Jeff was painted, he was never that bad.

Give a young man a chance, pled the fellow who afterwards forgot his people; and Rayburn is echoing that plea back and forth over this district

Judge Allen should have postponed court so that the war against General Grass could have gone on without let or hindrance.

If Jeff Busby did have a Yankee secretary, as Ford charged back in 1934, Jeff at least had her in his office at work.

Aint they (also revenge) sweet.

Nor was Busby ever charged with hiring a man, then running for public office, and paying him even though he never saw Washington.

WHITAKER-HARRISON

On May 15, 1940, at Marion, Ark., Miss Katherine Harrison, daughter of Mr. and Mrs. Luther Harrison of Charleston, formerly of Grenada, became the bride of Mr. Jeff Whitaker, son of Mr. and Mrs. H. C. Whitaker, of Grenada.

The wedding party, composed of several relatives, motored to Marion Ark., from Memphis when they were attending the Memphis Cotton Carnival.

These two splendid young people have many friends here who will read of their marriage with interest.

Mrs. Whitaker attended Grenada High School last year and would have entered the Junior Class this year. She is a charming and intelligent young lady.

Mr. Whitaker, known throughout this section as one of the most industrious and splendid young men of Grenada, is employed as a brick mason in Memphis.

They are residing in Memphis at present, but plan to return to Grenada later to build their home on the Whitaker place east of town.

Mrs. Wm. Mitchell, Mrs. F. T. Gerard and Mrs. A. W. George motored to Jackson Friday last to spend the day with their sister, Mrs. Will Caldwell. Mrs. Caldwell returned to Grenada with them.

Mr. and Mrs. Oscar Mitchell and Bit, the daughter, from Birmingham, accompanied their sister and aunt, Mrs. Jim Horn, to Grenada on Thursday, remaining until Monday.

Mrs. A. W. George of Grenada and Mrs. Norma Caldwell of Jackson, Miss. left Sunday afternoon for North Carolina to be gone two months, or until cool weather.

Mrs. T. H. Meek, her son Griffis, and Miss Mary Louise West left last Thursday for a vacation stay in the mountains of N. Carolina at Waynesville.

Mr. and Mrs. James B. Long of Alexander City, Ala. were guests of their parents, Mr. and Mrs. E. L. Betz the past week.

Mr. and Mrs. Gillam Irby, newlyweds of Ponca City, Okla. were guests of their brother, Mr. Peyton Irby, last week.

SWIM PARTY

A small group of the younger social set enjoyed a delightful swim party and refreshments served later in the evening on Friday evening of last week when Mrs. Will Hill honored the two young ladies, Misses Dorothy McCalmont of Nashville and Inez Denton of Robertsville, house guests of Mrs. Jay Gore. Miss Nancy Upshaw of Oklahoma, guest of Mrs. R. B. Townes Sr. was also an honor guest.

Attending this delightful affair, other than the honorees were: Misses Mary Elizabeth Horton, Emogene Geeslin, and Jay Gore Jr. John Mitchell, Bob Townes Jr., Bryant Baker Jr. and Mickey Angevine.

What Telephone Dollars Do For Dixie . . .

First in your mind, perhaps, the telephone industry's principal contribution to the South is quick, dependable communication.

But Southern Bell is also important as a citizen, as an employer of people, as a payer of taxes, as a purchaser of materials. In 1939 alone, operating expenses amounted to approximately fifty-five million dollars, not including additional millions used for new construction.

To build, operate and maintain this system requires more than twenty-one thousand skilled workers whose annual payroll is approximately thirty million dollars.

These telephone men and women contribute to the business and social welfare of their communities, and of the South. They and their families compose a group of perhaps eighty thousand people who are dependent on this business for their livelihood.

As a tax-payer, the Southern Bell does much toward the support of the local, state and national governments. Total taxes last year exceeded nine and three-quarters million dollars, nearly twenty-seven thousand dollars a day.

The Southern Bell Company is a Southern industry in the fullest sense and its activities form a substantial contribution to the growth and prosperity of the South.

LITTLE TEXAS NEWS

The revival meeting at Bethel closed on Friday night, July 26th. The pastor, Rev. H. B. McKibben was assisted by the Rev. S. N. White, of Coffeeville.

The closing of Bethel revival Friday was the beginning of the Calvary Baptist church revival on Sunday. The pastor, Rev. J. M. McCarley, is being assisted by Rev. E. R. Henderson, of Grenada. Calvary has a new church and new properties on the inside, and so everyone is expecting a great revival.

Mr. and Mrs. W. E. Holliman have as their guest, Mrs. (Aunt) Della Herbert, of Tefflore.

Rev. W. F. Carver is away helping conduct a revival at Hazlehurst this week. Mrs. Garner and daughter, Loyette are visiting friends and relatives in Jackson.

We are so glad to see that Mr. J. M. Grantham and Mrs. Robert Vance, two of our sick list members are able to attend church services.

Some of our readers seem to be confused about what and where the famous "Little Texas" is. Well, it is all of and no more than Part One of Carroll County. Why and where the title originated I'm not quite sure, but that is its exact location.

"IKE" PEARSON MAKES GOOD

Grenada, Miss., July 25, 1940
The Grenada County Weekly,
Grenada, Miss.
Gentlemen:

Being sure that the many friends of our own "Ike" Pearson, former "Ole Miss" star now pitching for the Philadelphia National League Baseball Club will be interested in hearing news of him, I am writing this letter for your publication.

It was the privilege of my family and myself to be the guests of "Ike" at Cub Park Chicago last Saturday, and of seeing him win a nicely pitched game for the Phillies against the Cubs. The score of the game was Phillies 9, Cubs 3, and there was more than that much difference between the two clubs that day. In letting the Cubs down with 8 hits, one walk, and one hit batsman, Ike showed a nice fast ball and curve as well as very good control. He scattered the 8 hits nicely, as is shown by the fact that three men, Herman, Gleeson and Nicholson made seven of the eight hits.

We waited a few minutes after the game while our home town big leaguer dressed, after which we talked to him for about an hour. He sent his regards to everyone in Grenada, and was particularly pleased to see a Mississippi auto license. Ike told us that this was the first time he had seen a Mississippi car since going up, and that it certainly looked good to him. He was thrilled and confident after winning, and we are sure that all his friends here join us in hoping that this game was the start of a consistent winning streak.

Yours sincerely,
E. R. GREEN

If I were not deterred for very personal reasons, I could and would tell things about the postoffice appointment in Grenada that would make eyes in the district outside Grenada open aghast. As it is, everybody in Grenada knows what I know; and it is from this knowledge that Arkansas Longstaple Ford will, so far as Grenada is concerned, be retired to the eternal oblivion that his miserable record so richly deserves.

Moss Brothers (but of the younger generation) were engaged early this week in tearing down the old building where Horton and Horton will have its new store. Jim and Will start 'em early, and that's a good way.

Baby Bud Staten, we hear, has been visiting his mother and other kinspeople in the western part of the county. He has lived in Washington for about ten years and is busy helping Roosevelt keep out of war.

MISCELLANEOUS SHOWER AND DINNER PARTY—MRS. "DANIEL" BOONE HONORED

On Tuesday evening of this week, Mrs. Tommie Rose honored her sister, Mrs. Danial Boone, nee Miss Mary Rose, at a charmingly arranged dinner party and miscellaneous bridal shower. The affair was staged at the Rose Cafe at 8 o'clock. The long table, draped with damask was decorated with lovely gardenias and soft hued pink phlox. Places were laid for sixteen guests. The first course was preceded by one of the young ladies appearing at the honoree's place with a huge waiter laden with gifts. These were viewed and exclaimed over later in the evening.

A delightfull fong course diner was served to the following guests. The honoree, Mrs. Boone, her mother, Mrs. W. T. Rose, the hostess, Mrs. Tommie Rose, Misses Dorothy Sprnill, Bertha McCurdy, Elizabeth Hughes, Lola Belle Horton, Martha Post, Ione Henderson, Elizabeth Purdy, Mesdames J. B. Henderson, George Wood, Duce Clark, C. B. Lay, Skeet Alexander and A. N. Rayburn.

The last course was ice cream and bride's cake. The lovely two tiered wedding cake was in white with pink rose bud trim. Standing atop the cake were the figures of a minature bride and groom.

Mrs. R. B. Thomason returned home Thursday evening of last week from Sheffield, Ala., where she visited her two sons and their families.

Mr. and Mrs. E. M. James, of Winona, visited their children, Mr. and Mrs. Lamar Sledge on Tuesday.

Mrs. W. E. Jackson spent Monday in Memphis. Tinsley Thrower accompanied her on this trip, driving the car.

Seen, Heard and Told By The Editor

Among my good friends who are getting big bellies is Roy Boteler, banker of Jackson. He and Mike Conner seem to be running a race, with Roy slightly ahead by a couple of inches. I am going to get Dr. Hill to send him a diet list.

I really wanted to put an item in the paper, but Mary Meek in Waynesville, N. C., might see it.

The Ferdinand Club is looking for some one to occupy Sam Mitchell's seat, but take his place, for nobody can take Sam's place.

The Groundhog Barber went to see his brother, the Guitar boy, who is in the Vets Hospital, and was driven by the Ground Pig, who made it to Memphis in 105 minutes. He wore his shoes out helping the driver.

A lot of people here who have been "favored" by Long-staple Ford, will vote for Rayburn.

Grandma Thomason, of Pearidge, a grand old lady and a character out of the Book, honored us with a call Tuesday.

Mr. and Mike and Bob Biggs attended the meeting of the Circuit Clerks and Chancery Clerks convention at Ole Miss Tuesday. Mike made a fine speech to them, and left them something to think about.

Lee Gainey, astute political observer and insurance man, acted as sort of guide and helper.

Several of the clerks were able to stagger around somewhat woozy by eleven o'clock Tuesday morning. The licker of the printing saleman was said to be potent. It was much easier to go down than to come up, one said. Mr. Tom Hederman's boys, they say, did not put out much licker, Scotch, you know.

Editor Curtis Mullen, editor of the best community paper in the state, with one exception, acted as host to me at the luncheon.

Will Hoffa says we have a publican and a sinner in our midst. Wonder whom he is talking about?

Everybody there was laughing about Long staple Ford, but seemed to like our new title MUC better. Most Useless Congressman.

Mike will just have to rest until after August 27th.

The power trust's big ads and Long staple Ford have preempted all the space, and therefore we have not had any space for TVA here lately.

Just watch Congress, now, exempt ITS OWN MEMBERS from military duty, and send YOUR boy and MY Boy to the army.

Fortunately for the 6th Congressional District, Ford has not enough appointees to elect him. He has thousands of active enemies, however.

"Give a Young Man a Chance" yelled Ford at Busby. Ford is having that yelled back at him by Rayburn now, in one pig getting all the slop. Four terms is enough for any man.

Boots Jones, turned farmer, came over from his home in Cleveland last week to visit his mother, Mrs. Annie Jones on South Street. Boots has got rid of a lot of that old time licker he used to have.

It is a real pleasure to set the ads from the "copy" supplied by George Hey Lee, the genial ad man who prepares "copy" for the Volunteer Stores. Not only here but also over the territory. He never printers' ink was given to that.

Pity the poor fellows digging that sewer ditch for the city. If any one earns the money they do.

Why should the poor boy, who has nothing to protect, be sent to war to protect Daddy's fine foundation. Let Ford fight for the protection of his own stuff.

Dear Greek Rice, Attorney General: now I am a commissioned officer of the city and it is your duty to reply to letters from city or county officers, so go ahead and answer all the questions I ask you.

Mrs. Brooks Wallace and small son have returned to their home in Coldwater after a visit in the home of Mr. Jim Rose.

CELEBRATED 4TH BIRTHDAY

CLAUD ANDREW PRESSGROVE

Claud Andrew Pressgrove, 4 year old son of Mr. and Mrs. "An" Pressgrove, was a happy little fellow indeed, on Tuesday, July 30, 1940, when his grandmother, Mrs. Lilly Pressgrove invited five little boys and six little girls to attend a birthday party in his honor at 4:30 in the afternoon at her home.

The children played supervised games for one time before having the delicious cream and birthday cake which was served by Mrs. Pressgrove. On this happy occasion, young Andrew received many lovely gift.

Your boy will soon be in the army. The army is being formed hurriedly. Because the nation was not prepared. Unpreparedness should be blamed on Congress which did not hesitate to spend thirty billions, mostly on foolish schemes. Blame Arkansas Longstaple Ford, for he represented the people of THIS district.

Hugh White deserves the votes of the people of Grenada County, whether he gets them or not. Thru the BAWI law, he was instrumental in helping every one of us.

I guess Bilbo will become the MUS when Rush Holt, formerly bearing that title, retires from the U. S. Senate on January first. MUS means Most Useless Senator. You see Bilbo now is said to be the 2nd MUS.

What has Ford done for the farmers, for the soldiers. How many WPA boys has he been able to handle? Think of that when you go to vote. Remember Ford has been there 8 years, which is long enough to secure some influence if he is ever to get any.

"Send that stroke to Rayburn", piteously prays Ford.

The people of Grenada County are going to give our MUC Ford plenty of hell on August 27th. MUC, of course, means Most Useless Congressman. We apologize to Fred Sullens and to SMUS Bilbo for stealing that idea.

Anderson and Mauldin, two splendid young men who are going out from Pontotoc whooping it up for their esteemed fellow townsman, K. G. Rayburn, honored Grenada with their presence Monday. It means something when men quit their own business and get out working for their friend, as Mauldin and Anderson (andmany other Pontoticians) are doing. These fellows said everywhere they went they saw copies of the GCW (Give Congressman Wallops) and that the GCW was a very powerful influence in electing Rayburn.

Farmer J. W. Jordan stated that he could not miss a single copy of the Grenada County Gut, so renewed last Sunday.
